

**BE SMART ABOUT WHAT WE FLUSH DOWN THE TOILET**

PLEASE only flush human waste and toilet paper. Other items clog sanitary sewer pipes and will cause problems in your home or business

PLEASE DO NOT FLUSH THE FOLLOWING:

- Wipes (even those labeled as flushable)
- Paper towels, napkins, facial tissue
- Diapers, feminine hygiene products, etc

As panic buying has left shortages of toilet paper in some areas, utilities across the county are seeing “**sewage spills**” from alternative wipes that can clog sewer lines

Whitemarsh Township Authority are asking people not to flush wipes or other “toilet paper substitutes” during the coronavirus outbreak
